# Cucina

Overlooking the tranquil waters of Wood Lake, this charming, open-concept retreat presents a delectable collection of artfully crafted Italian cuisine. The chef features simple, fresh takes on Italian favorites using seasonal ingredients, including handcrafted pastas, artisanal pizzas and wood-fire-grilled entrées. It's also a choice spot for an expertly grilled steak and the only place in Sheboygan County to offer a raw bar.

Cucina simultaneously provides a romantic setting ideal for special occasions as well as a casual dining experience. During the summer, guests may dine al fresco with a relaxing view of Wood Lake.

Chef Trent Hazelberg, who began his culinary career in high school, features fresh, simple ingredients with great flavors. Since becoming the head chef of Cucina, he has enhanced the restaurant's Italian cuisine using seasonal ingredients. He has also worked on special events including the 2004 PGA Championship dinner, the Food & Wine Experience and the 2012 USGA Women's Open.
