

JCT GOLD

(Ages 11-18 Years)

The **Junior Core Team (JCT)** Program is designed to maximize your time spent on court. Using **UTR (Universal Tennis Rating)** to benchmark our players, JCT Gold will assure you the right mix of cooperative and competitive drills inside a hard-working social setting.

Each class will start with tennis specific training with a certified trainer and move into tennis programming designed by a certified Elite Tennis Professional with a history of developing top juniors. Mental, technical, tactical and physical skills will be highlighted while the focus remains on creating a fun competitive atmosphere.

With UTR (Universal Tennis Rating) so prevalent in college recruiting and its accuracy being utilized for USTA tournament seeding, it is important we use UTR to determine the levels of our programming and to offer both UTR and "Verified" UTR Match-Play and Tournaments.
