## TENNIS EVALUATIONS

Complimentary tennis evaluations may be scheduled at your convenience with any of our tennis professionals and are available for all players who are new to the game or for those who have not played tennis for some time.

## RACQUET STRINGING

Sports Core is a proud member of the United States Racquet Stringers Association, employing both Master Racquet Technicians and Certified Racquet Technicians. String tension is as important to your game as the racquet itself. To keep a racquet in top shape and to retain elasticity in the strings, we recommend stringing your racquet quarterly. This will help the playability of the racquet and maximize your comfort while playing.

Please ask one of our tennis professionals to help you select the best string and tension to compliment your game.

Call 920.457.4444 for pricing and availability.

## PRO SHOP

Tennis racquets and apparel are available for purchase. Stop by the Pro Shop to shop our selection.
